2°Frost Technologies is a software house developing software for data storage applications with a Worldwide customer base.

2°Frost Data Solutions is a division of 2°Frost Technologies, an experienced Solutions provider for AoE Ethernet SAN Storage since 2006.

As the official Coraid partner for the Pacific Northwest, based in Washington State, we offer our Customers solutions based on Coraid, Inc.'s Ethernet SAN scale-out storage appliances supplying customers all over the US from our offices in Kirkland, WA.

Please **Contact** 2°Frost Data Solutions or call 425-576-4212 for Ethernet SAN storage with 5-8x better price/performance than legacy iSCSI or Fibre Channel. We look forward to hearing from you !

2°Frost Technologies is proud to be a member of the Microsoft BizSpark™ global program for selected software startup companies
